INVITING STUDENTS FOR INTERNSHIP PROGRAMME

Respected Sir/Madam

Greetings!

Rajiv Gandhi Centre for Aquaculture (RGCA), the R&D arm of MPEDA (The Marine Products Export Development Authority, Govt. of India) has many unique projects related to aquaculture across the country. One such project is the Marine Fin Fish Hatchery Project (MFHP), situated at Pozhiyoor, Thiruvananthapuram. The project has breeding programme of marine fin fish such as Cobia and Silver Pompano and also nursery and grow out farming of Pompano and Asian Seabass. The Unit has a demonstration cage facility at Jeppiaar Fishing Harbour, Muttom, Kanyakumari district where Cobia, Silver Pompano and Sea bass cage culture is going on.

For the benefit of the students of Universities/Colleges, RGCA proposes to invite them for their internship programme, at MFHP as well as at the cage facility. The duration, facility utilization fee and other terms & conditions will be informed to the interested candidates. After completion of the internship, a certificate will be issued to the candidates.

Looking forward for enthusiastic candidates to utilize and explore the facility for hands-on practical exposure suited for their curriculum purpose.
