

Workshop on the usage of ASFA and online journals at RGCA

A one day workshop on the usage of Aquatic Sciences and Fisheries Abstracts (ASFA) database and online journals available at RGCA Aquaculture library was conducted by RGCA on 15th May, 2015 at its Head Quarters at Sirkazhi. The workshop was organized in order to update the information on online facilities available at FA and as well as the new amenities at the RGCA library so that the Scientists of the institute could effectively utilize it for enhancing their literature survey. Fifty technical managers of all RGCA projects and MPEDA officials attended the workshop. The Proquest, publishing group which provides ASFA database conducted the workshop. The Project Manager of the RGCA Aquaculture Library briefed up the usage of online subscribed journals and Online Public Access Catalogue available in the Library

Participants of the workshop
